- Is it right for every child?
- Following a syllabus
- Support available
- Testing and exams
- Evaluations and endings

### **Commentary**

Home education is about offering choice to parents who feel that their child is not benefiting from the current educational system. It enables those thinking of home education to explore common issues and also to decide upon the next steps they may wish to take.

The role of the LEA is explored, as well as the legal system along with advantages and disadvantages of home education. This is to enable parents to make an informed choice, as to whether this is the right pathway for their child.
